

Roll Over

Brilliant! Add to your savings without breaking a sweat!

You want to save money, but you need a simple method that *works*. That's why we've created **Roll Over**, a clever service that helps you set aside savings every month – *without even thinking about it*. Just ask one of our bankers to make it happen, and suddenly every debit card purchase you make is rounded up to the next dollar. Those extra coins drop into your savings account (*or any other account you choose*). Think college fund, car savings, emergency cash, whatever! Best of all, **Roll Over** is free!

Where's the small type?

We don't need any small type to explain how to make *Roll Over* work for you. No application required. No limits. No special requirements. If you have two accounts at FNBT, we do the rest.

Brilliant. Simple. Free.
