What is SecurLOCK Equip?

Want to control your debit card with a switch? Want more security against fraud? Download our remarkable tools in SecurLOCK Equip. This free mobile app allows you to control how, when and where your debit cards are used. It is a simple and secure way to manage and monitor your payment transaction activity. SecurLOCK Equip can help keep your payment cards safe and provide instant notifications whenever your card is used.

3 Easy Steps

1. Download the app for at Google Play or the App Store.
2. Enter and authenticate your FNBT debit card information.
3. Begin using immediately to manage and monitor your card activity.

How to use it

When you switch your debit card off, a little green indicator turns red. This means that all transactions (except for recurring items you have prearranged) will be declined. When ready to make a purchase simply, turn the card back on. It is that easy. Now you have the ultimate control to combat fraud.

After you become comfortable with the on/off function, you can start selectively setting controls and alerts by channel (in-store, online, mobile, ATM, etc.). You can also set transaction spend limits, select geographic locations where the card can be used, set specific merchant categories, view recent transaction history, receive real-time alerts and much more.

What's required?

SecurLOCK Equip requires you have a debit card account issued from First National Bank & Trust Co. You will also need an Apple or Android smartphone. After downloading the app, you will be instructed to enter your full account number then other authentication information. Once registered, you can begin using the app immediately. You won't need to call the bank to activate. *Your participation is sponsored by FNBT, so the cost is covered by the bank.*
